

B.607

A few weeks ago we started to give letters out to the schools parents and to the whole school. Our letters were about to help us collect mobile phones and ink cartridges. Primary 6 helped us to collect mobile phones and ink cartridges so we could put them into the big red box. We raised £500 all together so we could

make a chill out zone and have multi-coloured wind chimes and wind mills and we also have a frog ornament a sign a bird bath and parasols. They are all brightly coloured and colourful. P4 to P7 can go out to eat there lunch and read magazines. Our class have been out to have a party and look after the chill out zone.

The chill out zone is really bright and colourful. I felt satisfied because we raised £500 to buy things for the chill out zone.
