Blue Ink

Last year my class got letters and sent out letters to our parents and put up posters around our school. We collected old mobile phones and used ink cartridges and put them in a red box that was as tall as my waist! We raised £.850!! We used it to buy ornaments, windmills, a windsode, a bird path, garden benches, a shed and parasols. There are colourful comics in the shed and little

bird boxes. Our wind-chimes are brown, blue, red, green, yellow, pink and sapphire. P.T. - use it to eat lunch there but we can go out and have parties in the chill-out zone. I felt happy because I never thought we would raise so much money.
